Pattern by Martina Behm  
*Cover Your Plans*

**Y**our knitting planner leads quite a tough life between spiky needles, keys and your lunch in your bag, on a car seat, the kitchen counter... It deserves a little protection, right? How about this slipcase: It is knit on the bias in a colorful fingering weight yarn and will make your Strickplaner stylish and one-of-a-kind.

## Notes

The slipcase is knit back and forth in simple garter stitch. Its shape is created by increases, decreases and short rows. It comes off the needles completely finished, no seaming!

#### Part I

**Row:** kfb, knit to marker, slm, knit 5, slm, m1, knit to end.

*Note: Every repeat of the Row adds 2 stitches.*

Repeat the Row until the middle axis of the resulting triangle is long enough to cover the short side of the book (for the sample in the pictures the Row was worked 51 times). Continue with Part II.

#### Part II

**Row:** kfb, knit to 2 before marker, k2tog, slm, knit 5, slm, knit to end.

*Note: While working on Part II the stitch number does not change.*

Repeat the Row until the long side of your piece fits around the book lengthwise when slightly stretched (for the sample the Row was worked 8 times).

Continue with Part III.

#### Abbreviations

**kfb** knit once into front of loop, leave stitch on the left needle, knit once into back of loop, slip stitch off left needle.

**m1** make 1: increase one stitch by wrapping the working yarn around your right needle with half a twist (like for the backwards-loop cast on).

**slm** slip marker.

**k2tog** knit 2 together.

**w&t** wrap and turn, i. e. put yarn in front, slip next stitch, turn work. On the next row, you put the yarn in front again and slip the first stitch – you have wrapped one stitch.

### Part III

**Rows 1 and 2:** knit to 2 before marker, k2tog, slm, knit 5, slm, knit to last stitch, w&t.

**Row 3:** knit to 2 before marker, k2tog, slm, knit 5, slm, knit to 1 stitch before the last wrapped stitch, w&t.

*Note: Every time you work Row 3, you will wrap an additional stitch that will remain unworked in the following rows, i.e. the number of knit stitches will decrease by 1.*

Repeat Row 3 until only one unwrapped stitch remains on the outer sides of the markers (for the sample, Row 3 was worked 50 times). Continue with Part IV.

### Teil IV

**Row:** slip 1 as if to purl, slm, knit 5, slm, slip 1, pick up the wrap from the next stitch and place it on the left needle, then knit the slipped stitch, the wrap and the next stitch together (3 loops), turn work.

Repeat the Row until no wrapped stitches remain and bind off, removing the stitch markers as you go.

### Finishing

Weave in ends and sew on the Strickmich! tag if desired.
